Objective

I am a passionate and driven Computer Science Engineering student with a deep interest in web development. I love crafting dynamic and user-friendly websites that enhance digital experiences. My technical proficiency includes front-end and back-end development, working with technologies like HTML, CSS, JavaScript, React, Node.js, and MySQL.

Skills

- **Passionate Web Developer** - Enthusiastic about building dynamic and user-friendly websites.
- **Technical Skills** - Skilled in front-end and back-end technologies, including HTML, CSS, JavaScript, React, Node.js, and MySQL.
- **Problem Solving**- Capable of analyzing challenges and implementing creative solutions.
- **Time Management**- Efficient in handling multiple tasks and meeting deadlines .
- **Continuous Learner**- Always eager to explore new technologies and improve development skills.
- **Strong Communication**- Ability to convey ideas clearly and work well with peers.
- **Leadership Skills**- Experience in leading projects and collaborating effectively in a team.

Education

Vidya Sikshaa Matric Higher Secondary School ,Schoolings with 85.8/100 Sept 2023 – May 2027
KIT-Kalaigarkarananidhi Institute of Technology, BE in Computer Science
• GPA: 8.58/10.0

Experience

Internship-Full Stack Development Worked on building and styling web pages

- Learned to build responsive websites using HTML,CSS and JavaScript.
- Used Git and GitHub for version control, managing repositories, and team collaboration.
- Strengthened problem-solving skills, improved debugging techniques, and gained hands-on experience with modern web development tools.

Certifications

Infosys-SpringBoard

- TechA Web Development using HTML and CSS Foundation Certificate
- Python Foundation Certificate

Red Hat

- Getting Started with Linux Fundamentals

Coursera

- Get Started with Python
- Google AI Essentials

Juniper

- Open Learning-Migrating from the Cisco CCNA to the JNCIA-Junos
